

Dear Member

Time has come once again for me to send out the entry forms for the forthcoming Sales. The Society will be using the same format for the entry form – you can use this form to enter to any of the sales but please remember to **clearly write down the sale to which you are entering your sheep**. Please complete and answer all questions as the information will be included in the sales catalogue. **Also remember to sign the entry form otherwise your entry will not be accepted.**

If you want to download copies of the entry form please go to  
<http://www.ileynsheep.com/salesevents/saleconditions/>

As in the past there are two sections at each sale - one section for maedi visna accredited sheep only and the other section for **all** other sheep (this section to include maedi visna supervised flocks, i.e. flocks which have not received the maedi visna accredited status).

**NOTE TO THOSE MEMBERS WHO WILL BE SELLING MAEDI VISNA ACCREDITED SHEEP AT THE SALES: Please complete a valid certificate of accreditation issued by SAC and hand it to one of the Auctioneers' staff before unloading your animals.**

**REMEMBER! - NO M.V. FORM - NO SALE** (N/a for Rosscommon and Blessington Sales)  
**FOR BALLYMENA SALE ONLY – NO SCRAPIE CERTIFICATE – NO SALE**

The Society will not charge an entry fee at any Sale. Every member is therefore asked to consider carefully before selling their stock from home – support the official sales!

**Please note the closing dates for entering to the Sales  
AND EVERY MEMBER MUST ADHERE TO THESE DATES  
NO LATE ENTRIES ACCEPTED**

***Please therefore complete the paper work straight away and post the entry forms to me in good time before the closing date.***

Please note:

- (a) Ewes and rams presented for sale **must** be registered prior to the closing date. **Ewe lambs must be registered prior to the day of sale.** There will be spot checks at the sales this year to ascertain whether all sheep have been registered before the sale.
- (b) **Remember to enclose the pedigree certificates for the rams entered.** As the inspection dates for some venues is late it is anticipated that the pedigree certificates for those yearling rams will not be sent out in time for you to enter – if you want to send in your entry forms before receiving the pedigree certificates could you please give me a ring to hold back those certificates for the rams entered for the sale.
- (c) If you wish to enter a **ram lamb** to one of the sales then please do so in the usual manner – fill in the enclosed form and the animal will be inspected on the morning of the sale. You must understand that should this ram lamb fail then he will **not** be allowed to be sold through the ring.  
Please use the same form (enclosed with this letter) if you wish to have your ram lambs inspected at a later date – the deadline for receiving applications to provisionally register ram lambs is 30<sup>th</sup> November, 2017.
- (d) All members will have the opportunity to know the reason why his/her animal(s) was/were rejected by the Panel/Inspector. This information will be available by one of the Officials at the sale, immediately after the Panel/Inspector has/have completed his/their work.
- (e) Refer to the sales catalogues for commencement of sale and by what time the sheep should be penned.
- (f) In the event that a Vendor is unable to bring any females to a sale, then that Vendor will only be allowed to sell **one ram** at that sale (not the whole consignment). A Vendor presenting a reduced number of females at any one sale must comply with the existing sliding scale for the number of rams allowed (sliding scale as seen on the back of the entry form).
- (g) The Society encourages members to declare their genotype results of the ram in the comment box on the ram form. The Society will only recognise official DEFRA approved testing.
- (h) Enclosed is a polite reminder on sheep health at official Society sales – please have a quick read!

4 rams/ram lambs you must present a minimum of 40 ewes/ewe lambs  
5 rams/ram lambs you must present a minimum of 50 ewes/ewe lambs  
6 rams/ram lambs you must present a minimum of 60 ewes/ewe lambs

- (ii) **SIX rams/ram lambs is the maximum that will be accepted at any one Sale.**

A Vendor presenting a reduced number of females at any one sale must comply with the existing sliding scale for the number of rams allowed (sliding scale as seen on the back of the entry form).

### **2. SHEARING, TRIMMING AND COLOURING OF WOOL**

It is brought to the attention of all Vendors that:

- (i) The latest date allowed for shearing of sheep is 15<sup>th</sup> July.  
(ii) **NO TRIMMING** of male or female sheep prior to the Sale is allowed.  
(iii) The Society discourages artificial colouring of wool.

### **3. UNOFFICIAL SALES OF STOCK**

Your attention is drawn to the fact that the practice of selling rams from the backs of vehicles at Auctioneers' premises during official Sales is prohibited by the Society. The Auctioneers have agreed that any Vendor selling sheep unofficially at the Society Sales will be asked to leave the premises. You are also reminded that, in pursuing this practice, you are in contravention of Defra (or equivalent) Rules.

### **4. ANIMAL HEALTH**

Vendors with sheep showing signs of any contagious disease at any sale will be asked to remove the sheep from the market premises immediately and those sheep will not be offered for sale. Where necessary the whole consignment may have to be removed. If a vet is called, and supports the Society decision, the fees incurred will be the responsibility of the vendor.

### **5. SELLING SHEEP**

Members are encouraged to sell their sheep in larger lots as purchasers are looking for a number of animals.

### **6. BALLYMENA SALE ONLY**

Exhibitor must pay a fee on sale day to cover veterinary charges needed to comply with DARD export regulations.

### **7. RAM GUARANTEES**

If a ram has been used, or semen retained, the owner must declare it in the catalogue or at the time of sale. It is up to the buyer to ascertain this before purchasing.

# Polite Reminder

If your sheep are showing signs of a contagious disease (e.g. Orf, New Forest), the 'Sale Society Inspectors' may ask for some or all of your consignment to be removed from the sale.

Note: If this means that you do not have enough females forward to sell the number of rams you have entered, your rams or some of your rams may not be sold.

If you have concerns speak to the Society office or Society Chairman before bringing your sheep to the sale.

*See sale Inspector Guidelines over page*

## **Lleyn Sheep Society**

### **Sale Inspector Panel Guidelines**

It is advised the sale inspection panel follows these guidelines when undertaking an inspection at a Lleyn Sheep Society Sale.

#### **WHO AND WHEN IS THE INSPECTION**

- The inspection panel is made up of the nominated Senior Sales Officer and the nominated members. These nominations are made by the Society Council
- The inspection is to take place outside the pens on the morning of the sale.

<b><u>All Female Sheep</u></b>
--------------------------------

#### **HEALTH**

- Any sheep showing signs of a live contagious disease (e.g. orf, new forest) must be removed from the sale centre.

#### **TYPE/COSMETIC/STANDARD**

- All sheep must comply with breed standards
- No trimming is allowed
- Colouring is discouraged
- Black patches are to be dealt with on an individual basis at the discretion of the inspection panel
- It is left to the Inspection panel on the day to make the necessary decision. If it is felt that sheep do not fit the necessary expectations, the inspectors can ask the vendor to remove them from the sale.

#### **QUALITY/CONDITION**

- If the inspectors believe that animals are detrimental to the sale, breed and Society, they can ask the vendor to remove those in question from the sale.

#### **TAGGING**

- A random check should be done across the female sheep to ensure they are tagged in accordance with the Society rules (the Society flock number and year of birth should be printed on the secondary tag or a third tag that could be a Society Tag.)

#### **SLIDING SCALE/ENTRIES FORWARD**

- The inspectors should make a note where possible of the females forward against the number of rams. They should pay special attention to empty pens and large entries of rams.
- If a breeder has to remove females and it means that they do not have enough females forward to present the number of rams entered, the said breeder may be asked to remove some of their rams from the sale.

#### **ACTION TO BE TAKEN**

- Ultimately the Senior Sales Officer and the Inspection panel must make the necessary decision on the day. It is asked that common sense is used so that everyone can get the best out of the Society sales.
- Where necessary the panel may ask for sheep to be removed from the sale
- All offenders must be noted and reported to the Promotions Committee for the October meeting so that where necessary letters of highlight can be sent to try and resolve the issue for another year.
- For long term re-occurring offenders, the Society can undertake flock inspections.

<b><u>All Rams</u></b>
------------------------

It is advised that the inspection panel observes the rams for health and condition. They should also consider the trimming & colouring rules. The sliding scale rule must be noted. The panel should use its discretion when observing the rams and undertake action where felt necessary.
