

**RAM REGISTRATION/INSPECTION &  
EWE LAMB REGISTRATION  
PAPERWORK ENCLOSED**

## Ram Inspections/Registration 2020 (Form RR1)

I writing to you during these difficult times we are all now facing. Although the ram inspections cannot take place in June/July as planned we will be monitoring the situation and we will try and hold the inspections later on in the season, of course this will be subject to the on-going situation. Members are asked to send in their applications (forms enclosed or see online Flock Book & Registry or send a spreadsheet) for registration/inspection as usual, noting the venue (see below) you intend to take the rams. Please note that the closing date has been set for all the venues as **Wednesday 18<sup>th</sup> June 2020**. **Only complete applications with full payment will be accepted. Late entries will not be accepted (hence will not be eligible for registration).**

## What You Need to do Now to Notify your Shearling (2019 born) Rams for Inspection/Registration

- Enter your rams for one of the below inspection centres, either via the Online Flock Book & Registry, send a spreadsheet or use the enclosed forms.
- Note the Rules and regulations can be viewed online or please contact the office to obtain a copy.
- If you intend to use the Rams DNA Scheme to obtain gene information you must enter your rams online or by a spreadsheet. Sorry paper application forms cannot be accepted.
- Ensure the correct payment is sent to the office, (preferably by BACS) by the closing date. UK members = £30 inc. VAT (Ireland members = €35 net VAT or €42 inc VAT – depending on your VAT status)
- Note the closing date for ALL SHEARLING RAM APPLICATIONS is Wednesday 18<sup>th</sup> June.
- LATE ENTRIES WILL NOT BE ACCEPTED and will NOT BE ELIGIBLE FOR REGISTRATION
- The Society should be in a better position to advise members after the closing date how we will proceed with these inspections and registrations for this year. Our intention is to uphold Society standards whilst processing your registrations in the most efficient way possible during this very unusual period.
