Data Protection

Mindful that the Lleyn Sheep Society's (LSS) aim is to maintain the Lleyn breed, promote the breed, breeders and the Society by administering the registration of registered Lleyn sheep. We take your privacy seriously and will only use your personal information in a legitimate manner to provide you with information so that you can enhance your purchase of registered Lleyn sheep.

If you are a non-member, your name and address details will be used to contact you by post to invite you to become a member of the LSS. This will help you take full advantage of the benefits of owning registered Lleyn sheep. If you do not want to be contacted with regards to this invitation, please contact promotions@lleynsheep.com. Your information will be held until the end of the year, it will then be disposed of in a safe manner.

General photographs will be taken across all the sales by Society staff and independent photographers. These photos may be displayed on the Society website, social media, other Society publications throughout the year and occasionally shared with

The Lleyn Sheep

The Sheep of the Future

What is so remarkable about this breed?

Thirty years ago it was almost unknown outside the small Lleyn Peninsula which stretches out to the sea towards Ireland in the North West corner of Wales, and is now found in every corner of the British Isles and more recently in Ireland.

There are very good reasons for the spread and growth of the Lleyn, despite the extreme difficulty experienced by non-Welsh speaking people in pronouncing its name.

The Lleyn ewe is an excellent mother in all respects. She lambs easily, attends to her new-born lambs without any fuss but with great enthusiasm, whether she is an older ewe or a ewe lamb lambing for the first time. She is an excellent milker and new born lambs are remarkably quick getting on their feet and to suckle, particularly important when lambing takes place outside in weather conditions that are not ideal.

A mature Lleyn flock in regular ages will naturally rear a 200% crop of lambs with ease, while the ewe lamb section of the flock, which are very often mated, will result in a 'bonus' crop of lambs.

The Lleyn is a naturally healthy breed and this combined with the ability to maintain a 'closed' flock, ensures the maintenance of a high health status flock.

Compared with many other breeds, used to produce prime lamb the Lleyn is smaller in size and enables a higher stocking rate to be maintained and a consequent higher sale of lambs per acre, whether bred pure or crossed with a terminal breed sire, the Lleyn produces highly satisfactory carcase lambs, classified 'U's & 'R's, when based on good grassland systems of production, with minimum or nil concentrate use.

The Lleyn ram is also in considerable demand to cross on to other breeds, particularly hill and upland breeds to increase lambing percentages of the resultant breeding ewes, and to improve carcase quality.

The Lleyn is a wonderful ewe, it is little wonder that her fame has, and still is, spreading so rapidly, and that Lleyn breeders are so enthusiastic about her performance.

Penywern (Flock 873) Dispersal Sale

After many years of success at Lley Society Shows, Sales and Flock Competitions, Dai and Cynthia are dispersing their well known Penywern Lley Flock. Following a highly successful reduction sale in 2013, due to Dai's illness, Ewe Lambs were retained and the flock 'rebuilt' successfully, the result is what we see today, and good enough to win the regional small flock competition for South Wales in 2021.

The flock is inwintered from December and lamb in early March, number of live lambs at weaning have varied between 190% and 216% in past years, Ram lambs are sold finished in June / July and as is typical, were all away this year by 12th July averaging 46.5kg live weight at £132 each from grass alone.

All the flock is on the 'HeptavacP' system and has been Maedi Visna accredited for many years and has not needed other vaccinations. All the flock has been treated annually with 'footvax' for 14 years.

We hope that the flock will give new owners equal success at sales and shows and as much pleasure as we have had with them over the years.

Maximising the value of your wool

Free haulage from all British Wool drop-off sites.

We understand that our members face increasing cost pressure, which is why all deliveries to British Wool drop off sites now benefit from **free onward haulage**. As a farmer co-operative owned by sheep farmers, everything we do is about adding value to British wool to maximise the returns to our members. We do this by efficiently collecting, grading and selling British wool, minimising price volatility and maximising returns.

We recognise that wool prices have been under pressure but, in these uncertain times, you know it pays to stick together. And, with our expanding network of collection sites, it has never been more convenient.
